

Course Description Form

Course number and section: VISA 382 001

Course Topic: Visual Communication

Credits: 3

Term: W1, W2

Instructor: Myron Campbell

Advanced interdisciplinary course addressing the importance of technology-based approaches in contemporary art with emphasis placed upon the formation of an idea and the media most appropriate to its expression. A combination of inspirational lectures, technical support and critiques/discussions will offer the student a full array of knowledge components for their self-directed pursuit of advanced practices in media art. This course culminates in a group presentation or exhibition and work is created under a chosen theme.

Tentative Reading List: (Be as concise as possible with your reading list, but please also specify the genre of each required text. See sample below)

TBA (all readings assigned are tailored to the theme which changes each term)

Other:
