

Course Description

Course number and section: VISA 233 001

Course Topic: **Printmaking: Screen Printing I**

Instructor: **Briar Craig**

Course Description:

Examination of the various processes of screen printing. Project-based course with considerable emphasis on technical development and skills acquisition. Focus will be on the synthesis of a student's personal imagery and the process of screen printing.

Other: This course is largely drawing-based in term one. Students will be asked to learn how to draw for the process of screen printing using materials and tools that are appropriate for the medium.
