

Course Description

Course number and section: VISA 244 001

Course Topic: **Photography I**

Instructor: Andreas Rutkauskas

Course Description:

Photography I serves as an introduction to black & white photography in a darkroom setting. Students will be working with black and white gelatin silver materials for all of their assignments as well as the final portfolio, broadening their skills in darkroom printing.

Other: Students require a 35mm film camera capable of shooting in manual mode. Additionally, students will be required to purchase their own 35mm black & white film and darkroom paper.
