

Course Description

Course number and section: VISA 362/CULT 362 001

Course Topic: **Advanced Practice in Photography**

Instructor: Andreas Rutkauskas

Course Description:

Advanced Practice in Photography provides a context for students to pursue their photographic practice at an advanced level. Students entering into this course will have the necessary skills in both darkroom and digital photography, as cultivated in VISA 244 & VISA 256. Students are encouraged to explore concepts and technical components through a series of assignments.

Other: Objectives include the creation of well-researched photographic projects. Work should be visually strong, conceptually coherent, technically proficient and presented in an articulate manner. By the end of the course, students should be able to situate their work within a critical discourse of contemporary photography.
